

Miracle 2021

Grape variety

Sauvignon Blanc

Age of the vines

On average 25 years old

Plots

Les Bascoins Sud

Terroir

Clay-limestone (Calcaires de Villiers), chalky white soil (terres blanches) with ammonite fossils.

Vine

Respectful of biodiversity. HVE3 certification.
Soil tillage. Disbudding. Leaf removal according to the years.

Vinification

Working process: one tank = one plot. All our plots are harvested, vinified, and aged separately which allows us to choose the tank that will be the most representative of the vintage.
Grapes are directly pressed in a pneumatic press, at low pressure. End of press juices are separated.
Thermoregulated stainless steel tanks, vinification between 14°C (57°F) and 20°C (68°F).

Aging

No malolactic fermentation to keep the freshness. 12 months on fine lees minimum. Batonnage.

Degree of alcohol

12,5

Characteristics of the special cuvée

Each year we celebrate one plot, the more representative of the vintage. 2021 celebrates "Les Bascoins Sud". We baptized our special cuvée Miracle. Despite the bad weather and vine diseases, miracle happened, with beautiful grapes, and a wine full of finesse.

Domaine Régis Minet - 5 rue du Domaine du Bouchot – 58150 Pouilly sur Loire

Domaine Régis Minet

— Lucia Mineur-Billet —

Tasting

Color: pale yellow gold, with green reflections

Nose: delicate, floral notes of iris, slightly minty, underlined by the boxwood.

Palate: it opens on mineral notes, typical of the soil, pear, golden apple and mirabelle plum notes.

Finish: very long.

Tasting temperature

Not chilled but fresh, around 10°C – 50°F.

Food & wine pairing

A wine to pair with a salmon tartare, a sea bream ceviche, or a cup of strawberries and lychees.

Aging

Can be drunk young, but thanks to its particular method of vinification, beautiful things await those who know how to wait more than 5 years.

&&&&&

Story of the estate

A family history since the 18th century. At 17 Régis took 3 hectares estate from his father, when he suddenly passed away. 2021 Lucia succeeded Régis.

Characteristics of the estate

12 hectares located around the village of Pouilly sur Loire.

A single grape variety: Sauvignon blanc.

Vineyards cultivated with respect for biodiversity.

Terroirs: kimmeridgian marls, terres blanches (calcaires de Villiers), caillottes.

State-of-the-art winery and equipment

Vinification: preserving the identity of Sauvignon Blanc terroirs.
